

1 – Chemical Product and Company Identification

Product Identifiers: Oil-Only Absorbent Products

Recommended Use: Oil-Only Absorbent Products are primarily used to skim/absorb/contain hydrocarbon-based fluids on the surface of water but can be used on dry surfaces to absorb the same aforementioned fluids.

Specific Products: Pads, Rolls, Mats, Socks, Pillows, Drip Pans, Particulate, and Sweeps

Product Description: These products are primarily white in color, but drip pans, socks, and pillows may contain colored material.

Company Name: Fiberweb (India) Limited

Address: Plot No.92/93B, Kadaiya Industrial Est, 100'
Coastal Highway, Nani Daman, Daman U.T.
396210

Telephone: +91-2602220970 / 2221342

Website: www.fiberwebindia.com

Email: fiberweb@fiberwebindia.com

2 – Hazards Identification

Classification: This product is not considered hazardous.

POTENTIAL HEALTH EFFECTS

Inhalation: Not applicable

Skin Contact: Not applicable

Ingestion: Not applicable

Eye Contact: May cause irritation

Chronic: Not applicable

3 – Composition/Information on Ingredients

CAS: 9003-07-0	Polypropylene	>98%
CAS: None	Blue pigment	<0.3%

Drip Pan:

CAS: 9002-88-4 High Density Polyethylene

4 – First Aid Measures

Inhalation: Not applicable

Skin Contact: Not applicable

Ingestion: Not applicable

Chronic: Not applicable

Eye Contact: Flush with water for <15 minutes. Consult doctor.

5 – Fire Fighting Measures

Extinguishing Media: This is not applicable until saturated with fluid(s), and then extinguisher must be compatible with said fluid(s).

Special Fire Fighting Procedures: Wear self-contained breathing apparatus (SCBA), based on fluid(s) absorbed.

Hazardous Combustion Products: Product decomposes at its melting point and may emit carbon monoxide and smoke.

Unusual Hazards: Unused: not applicable / Used: refer to absorbed liquid(s) SDS(s).

6 – Accidental Release Measures

If product has not been processed in a manufacturing procedure, sweep or vacuum, and dispose of as non-hazardous.

7 – Handling and Storage

Handling Precautions: Electrostatic accumulation hazard. Use proper grounding procedure.

Storage Precautions: Material should be kept dry and protected from the elements. Extreme heat degrades polypropylene.

8 – Exposure Controls / Personal Protection

Engineering Controls: None required

PERSONAL PROTECTION

Eyes/Face: Safety glasses

Gloves: Not applicable

Respiratory: Not applicable

9 – Physical & Chemical Properties

Appearance: Mostly white, solid, and fibrous (some colored)

Flammable Limits: Not applicable

Odor: No odor **Odor Threshold:** Not applicable

Vapor Pressure: Not applicable

Vapor Density: Not applicable

pH: Not applicable

Relative Density: (H₂O = 1): 0.9

Melting Point: >320° F (>160° C)

Solubility in Water: Insoluble

Initial Boiling Point and Range: Not applicable

Flash Point: Not applicable

Evaporation Rate: Not applicable

Flammability: Not established

Coefficient: Not available

Auto Ignition Temperature: >675° F (>357° C)

Decomposition Temperature: >270° F

Viscosity: Not applicable

10 – Stability and Reactivity

General: This is a stable material.

Reactivity: Not established

Incompatible Materials: Oxidizing agents may degrade polypropylene absorbent products over time.

Conditions to Avoid: Not applicable

Hazardous Decomposition: May emit toxic fumes during incineration

Polymerization: Will not occur

11 – Toxicological Information

LD50: Not available

Carcinogenicity: IARC: Not established
National Toxicology Program: Not established
OSHA: Not established

Potential Health Effects: See Section 2.

Sensitization to Product: Not available

12 – Ecological Information

Not applicable

**13 – Disposal Considerations**

Waste Disposal Method: Before saturation (use) no special disposal methods are required. Dispose of in accordance with federal, state and local regulations. The fluids absorbed while using these products determines the hazardous classification. If deemed hazardous, said material should be disposed of by an approved hazardous waste hauler/disposal service, and the producer should obtain the proper documentation.

14 – Transport Information

DOT Hazard Classification:
Proper Shipping Name: Not regulated
UN Number: Not applicable
Packing Group: Not applicable
Labels Required: None
Hazard Class: Not regulated
Identification Number: Not applicable

15 – Regulatory Information

CERCLA Section: No Reportable Quantity
California Prop 65: Not applicable
OSHA Hazard Communication Standard, 29 CFR 1910.1200: No listed ingredient
SARA Title III: No listed ingredient
TSCA: Ingredients of product are on the inventory list.

16 – Other Information

NFPA Hazard Ratings: **Health – 0**
 Fire – 1
 Reactivity – 0
