

1 – Chemical Product and Company Identification

Product Identifiers: Universal and Hazmat Absorbent Products
Recommended Use: Universal/Hazmat Absorbent Products are primarily used to absorb/contain most fluids, including many caustic chemicals.
Specific Products: Pads, Rolls, Mats, Socks, Pillows, Drip Pans, and Particulate.
Product Description: These products are gray, green, pink or yellow.
Company Name: Fiberweb (India) Limited
Address: Plot No.92/93B, Kadaiya Industrial Est, 100' Coastal Highway, Nani Daman, Daman U.T. 396210
Telephone: +91-2602220970 / 2221342
Website: www.fiberwebindia.com
Email: fiberweb@fiberwebindia.com

2 – Hazards Identification

Classification: This product is not considered hazardous.

POTENTIAL HEALTH EFFECTS

Inhalation: Not applicable
Skin Contact: Not applicable
Ingestion: Not applicable
Eye Contact: May cause irritation
Chronic: Not applicable

3 – Composition/Information on Ingredients

CAS: 9003-07-0 Polypropylene pad >98%
Products will contain one of the four pigments:
CAS: 1333-86-4 Carbon Black <0.3%
Green
Yellow
Pink
CAS: 34590-94-8 Mixture: <0.3%
Anionic Surfactants (30-55%)
Nonylphenols (15-35%)
Propanol (3-15%)

Drip Pan:
CAS: 9002-88-4 High Density Polyethylene

4 – First Aid Measures

Inhalation: Not applicable
Skin Contact: Not applicable
Ingestion: Not applicable
Chronic: Not applicable
Eye Contact: Flush with water for <15 minutes. Consult doctor.

5 – Fire Fighting Measures

Extinguishing Media: This is not applicable until saturated with fluid(s), and then extinguisher must be compatible with said fluid(s).
Special Fire Fighting Procedures: Wear self-contained breathing apparatus (SCBA), based on fluid(s) absorbed.
Hazardous Combustion Products: Product decomposes at its melting point and may emit carbon monoxide and smoke.
Unusual Hazards: Unused: not applicable / Used: refer to absorbed liquid(s) SDS(s).

6 – Accidental Release Measures

If product has not been processed in a manufacturing procedure, sweep or vacuum, and dispose of as non-hazardous.

7 – Handling and Storage

Handling Precautions: Electrostatic accumulation hazard. Use proper grounding procedure.
Storage Precautions: Material should be kept dry and protected from the elements. Extreme heat degrades polypropylene.

8 – Exposure Controls / Personal Protection

Engineering Controls: None required
PERSONAL PROTECTION
Eyes/Face: Safety glasses
Gloves: Not applicable
Respiratory: Not applicable

9 – Physical & Chemical Properties

Appearance: Mostly white, solid, and fibrous (some colored)
Flammable Limits: Not applicable
Odor: No odor Odor Threshold: Not applicable
Vapor Pressure: Not applicable
Vapor Density: Not applicable
pH: Not applicable
Relative Density: (H2O = 1): 0.9
Melting Point: >320° F (>160° C)
Solubility in Water: Insoluble
Initial Boiling Point and Range: Not applicable
Flash Point: Not applicable
Evaporation Rate: Not applicable
Flammability: Not established
Coefficient: Not available
Auto Ignition Temperature: >675° F (>357° C)
Decomposition Temperature: >270° F
Viscosity: Not applicable

10 – Stability and Reactivity

General: This is a stable material.
Reactivity: Not established
Incompatible Materials: Oxidizing agents may degrade polypropylene absorbent products over time.
Conditions to Avoid: Not applicable
Hazardous Decomposition: May emit toxic fumes during incineration
Polymerization: Will not occur

11 – Toxicological Information

LD50: Not available
Carcinogenicity: IARC: Not established
National Toxicology Program: Not established
OSHA: Not established

Potential Health Effects: See Section 2.
Sensitization to Product: Not available

**12 – Ecological Information**

Not applicable

13 – Disposal Considerations

Waste Disposal Method: Before saturation (use) no special disposal methods are required. Dispose of in accordance with federal, state and local regulations. The fluids absorbed while using these products determines the hazardous classification. If deemed hazardous, said material should be disposed of by an approved hazardous waste hauler/disposal service, and the producer should obtain the proper documentation.

14 – Transport Information

DOT Hazard Classification:
Proper Shipping Name: Not regulated
UN Number: Not applicable
Packing Group: Not applicable
Labels Required: None
Hazard Class: Not regulated
Identification Number: Not applicable

15 – Regulatory Information

CERCLA Section: No Reportable Quantity
California Prop 65: Not applicable
OSHA Hazard Communication Standard, 29 CFR 1910.1200: No listed ingredient
SARA Title III: No listed ingredient
TSCA: Ingredients of product are on the inventory list.

16 – Other Information

NFPA Hazard Ratings: **Health – 0**
 Fire – 1
 Reactivity – 0
